

Camperdown and District Community House

Strategic Plan 2022-2032

Background

About the Plan -This ten-year Strategic Plan was developed following three facilitated online workshops with the Committee of Management and the Coordinator July, August, September 2021. The Plan aligns with the Neighbourhood House Program Guidelines, Victoria's Health and Wellbeing Plan and Corangamite Shire's Municipal Health and Wellbeing Plan. It is an exciting, forward looking plan. We have a vision, mission, four objectives and eight strategies, with achievable and measurable actions for a two-year Action Plan, to guide our work. The Plan aims to welcome and support all our residents and build community skills, knowledge, health, and wellbeing. It also aims for a liveable, vibrant Camperdown and District for current and future generations and a successful, contemporary centre that serves the community for the long term.

About the Camperdown & District Community House –The Camperdown and District Community House operates under the Neighbourhood House Coordination Guidelines and is funded by State Government, donations, some fundraising, and grants. Community development principles drive programs and activities suited to our geographically isolated farming community.

Stakeholders—The stakeholders in the Camperdown and District Community House include the Department of Families, Fairness and Housing, the Corangamite Shire Council, Neighbourhood Houses Victoria, The South West Network of Neighbourhood Houses, local health services, community groups and organisations, Committee of Management, Members, volunteers, and staff.
